OUR NEW LÔÔK!

Take a good look at our new "look"! There are several reasons for the new look of the *THIRD EYE*, not the least of which is its' new editors. Mary Anne Stevens in Pleasant Lake, Michigan, heads up the roster along with Linda Whedbee in Helena, Montana and Christine Allen in Romulus, Michigan.

The new *THIRD EYE* will progress in its' new look and content as the editors settle into their newly acquired positions, working together as a team. To organize information flow, Linda will be handling the "Triple A" — Assorted Articles and Adventures . . . send your goodies to her at: 8656 Diamond Springs Dr., Helena, MT 59601. (To be extra helpful, type 3¾" wide) Christine Allen will compile any relevant statistics and history on the breed, show & match results, newly gained titles. etc., etc., plus she will take your "BLC's" — Brag Lines and Classifieds. Send your updates to her at: 8665 Kenwood, Romulus, MI 48174. Mary Anne will be coordinating and handling layout, design and publication of the newsletter, as well as your advertisements. The suggested new ad rates are:

quarter page = $5. max. size = 3¾" x 5"
half page = $9. max. size = 5" x 7¾" + photo
full page = $17. max. size = 7¾" x 10¼" + photo
$1.50 per each photo added — use of photo in ¼ pg. ad dependent on copy fit.

To save yourself the additional set-up fee of $7.50 per hour (or portions of) send copy ready ads in proportion to the ad size desired. Example: a 6" x 8" set-up can be reduced to fit 3¾" x 5" size of ¼ pg. ad. Reproduction quality is dependent on quality of materials received.

Send your materials to Mary Anne at 3600 E. Territorial Rd., Pleasant Lake, MI 49272.

We're just getting started so if you have something that doesn't fit these fledgling pigeon holes, just send it to anyone of us. A new litter, a new baby, newly arrived pup, a marriage, a move, an activity, a new owner, a supported show or lure course, upcoming match or practice, an article you'd like to see reprinted, questions, requests, congratulations, suggestions . . . we're going to do it all — and all we need is you!

MEMORANDUM June 1, 1985

TO: Ibizan Hound Club of the United States, Inc.
Officers, Board Members, Membership

FROM: Jane Wilcoxson

SUBJECT: IHCUS HISTORIAN FILE REPORT - June, 1985

In November, 1984, the first IHCUS Historian File Listing was published and submitted to all IHCUS Officers, Board Members and General Membership as well as other interested individuals. As a direct result, the IHCUS has been the recipient of further donations to the Club archives.

Attached you will find an updated IHCUS Historian File Listing, and I'm sure you will note the addition of numerous items donated by Stetson Kennedy and Peg Hamilton Ozlek Wene which were received in February, 1985.

The IHCUS HISTORIAN FILE has been set up in alphabetic order by subject. Within each subject file, material has been filed chronologically (by date) where possible. Donor name(s) and date of donation(s) has been indicated on both the listing and each individual item.

Due to the number of pages listing the contents of the IHCUS Historian File, a copy of the listing in its' entirety will be made available for a nominal fee to cover printing & postage. Both the cost of the file listing and method by which copies of the materials in the file will be made available will be announced at a later date.

GETTING TO KNOW YOU

A new member or someone living off the beaten show track often finds it difficult knowing just who's who in IHCUS. Our membership has changed through the years. We can no longer assume that everyone has met everyone.

Initial introductions at shows, on the phone, or through the mail can sometimes be awkward, threatening or just plain time consuming. Consequently, many of us settle for associating an unknown individual with a kennel name, a particular dog, or, unfortunately, in some cases, the latest grape-vine gossip.

In an effort to increase communication within the membership, and in order to get some folks over the initial "introduction-hump", we will be devoting this section of each newsletter to introductions.

In the issues to follow we will introduce the *THIRD EYE* staff, the IHCUS officers and board members, and YOU,the general membership.

We encourage everyone to make time to participate in this project by writing a brief autobiographical sketch (with emphasis on doggie related matters). Tell where you are from and what you do for a living and for fun. Describe how you got into dogs . . . especially IBs. What dog or dogs are you most attached to? Do you have a kennel set-up, or, are you sitting on the livingroom floor so that baby-beezer can enjoy the comforts of the couch? And, any other little tid-bits you might be prone to sharing with someone you just met.

If in this process we should discover members with hidden talents/skills, or stir-up some lively discussions, so much the better for all of us.

So, don't be shy. Put away your writer's block and let us know who's out there!

The following is the deadline schedule:

November 1 -- officers and board members
February 1 -- general membership

Officers and board members will not receive a special reminder in the mail. If you want to be included make a note of the deadline -- NOVEMBER -- 1st!

MARY ANNE STEVENS – Arrow Ibizan Hounds

It all started with one lovely little Ibizan Hound puppy I named Aubrey. She stole my heart and I was hooked for life. I had no idea I'd be as involved in the "dog world" as I am today. By day I'm a single, graphic designer, for a Michigan based utility company . . . by night, a "mother" of 5 beezers. I like camping, photography, books and a variety of music among other things. I also enjoy making things, especially when I can use them, like my latest stockade fence pen off the garage. As a result of my artsy skills, I now publish both the IHCUS and ESIHC newsletters for the breed, co-authored the book, "Ibizan Hound Champions . . . From the Beginning", and if you get the "Windhound", the current issue has an article and photo of mine.

My "kids" are my companions and are treated much like a family. One of my goals in the breed is to maintain sound, healthy, happy stock that a family would enjoy. I'm not worried about their titles, those will take care of themselves. I'm very keen on promoting cooperation and sportsmanship among the breed owners and have initiated a postcard campaign inviting Ibizan people to shows I know will have Ibizan entries.

From the onset of my doggy adventures it seems that, although nothing comes easy, I have been blessed with good fortune. From my beginnings with Susan and Jim of Serandida Kennels, to being able to spend a short time in England with Diana Berry (Sin Ibizan Hounds & Basenji) absorbing what I could of her 25 - 30 years of Ibizan breeding experience and attending the English Specialty. I'm very appreciative of these special times and new found friendships. Looking back on some of my more difficult past, I sometimes think it evens things out.

My "family" now consists of Aubrey, Chance, Titan, Phoebe & Thistle. A Yankee queen, 3 British subjects and a fuzzy Spaniard. All hold a special place in my heart so I can't name a favorite. If I get enough reservations, I will breed a litter in the Spring, but for now, all the youngsters start obedience classes next week and after obedience comes lure coursing. I had hoped from the start that my Ibizan Hounds would be a source of companionship, travel, new friends and activities - and these things are certainly true. I picked this breed for a number of other reasons, not the least of which is their Peter Pan personalities. I'd love to swap stories about the things these characters do – maybe even start a section in the newsletter for it.

At any rate, we have a common point from which to start our introductions . . . our Ibizan Hounds! We'll get to know each other better as the newsletter progresses, (I have the advantage of being one of the editors so you'll

hear from me often enough) so I'd really like to hear from you and so would everyone else. Our club is so spread out across the U.S., but we can visit each other on these pages. You have to admit, a stamp is cheaper than a plane ticket!

POSTCARD CAMPAIGNS PROVING SUCCESSFUL

Beginners and veterans alike are making comments such as, "... it's the best thing I've gotten in the mail all summer!" "What a great idea, I love it!" They're referring to the postcard campaigns initiated by Mary Anne Stevens. Just a little colored postcard announcing shows that will have at least 2 or 3 other Ibizan Hound entries, along with an attempt at a pun or two. The return address sports the Arrow Ibizan Hound logo figure, an abstraction of the breed's typical head markings.

Points, majors, comradery and general good fun; everyone benifits. Even though only 1 or 2 can actually take home the points, the variety of hounds that show up give the judge something to think about. There's no sure thing, handlers or not.

Maybe this is something that could be used in your area? It's definetly encouraging, especially to newcomers, to know one won't be spending time, money and effort, just to be the only Ibizan entry at a show. Not everyone is looking for majors, so after a few shows, it's pretty obvious who wants to be on the mailing list. If you live on either coast it may not be needed. In the Mid-West though, what seemed like a good idea has "shown" itself to be a great idea. We'll keep you "posted".

LINDA WHEDBEE -- DE LEON IBIZANS

It's really difficult to say where I'm from. I was born in Massachusetts, but spent the first fifteen years of my life living in Central and South America. On occassion we would spend time in Washington, D.C.. Since then I've claimed Colorado and Montana as my homes.

My parents were not "dog-people" in the strict sense of the word. But, we were never without a dog--usually a Scottish terrier. Where we went, the dogs went--Cuba, Honduras, El Salvador, it made no difference, the dogs were always included as part of the family. My parents also seemed to attract others who were equally devoted to dogs. In Chile, it was Irish setter fanciers. In Brazil, boxer fanciers. And, in the U.S., their closest friends were humane society activists. All these people had a profound influence over my developing attitude towards dogs.

Linda, her 2 Afghans and Tawny. Mt. Democrat, Colo. Little known trivia: Tawny has the dubious distinction of being the only Ibizan to successfully climb 5 peaks over 14,000 ft.

I saw my first dog show in Brazil at the age of seven. It was the highpoint of my youth. In those days kids dreamed of running away from home to join the circus. Not me, I dreamed of running away to join the dog show.

Many years later, in 1970, my dreams began to materialize with the purchase of my first Afghan hound. A college senior, I had no idea what I was getting myself into. But, like the Lays potato chip ad, I couldn't stop with just one. Six months later I acquired a second Afghan.

Like a great many novices, I was convinced my two Afghans were the most gorgeous animals on this earth. We spent a great deal of time discovering that others were not quite so inclined to agree with us. Undaunted by failure in the conformation ring, and a great deal wiser for the experience, we began pursuing obedience, tracking, open field coursing, backpacking, canoeing, and, unbelievable as it may sound, even sled dog racing. We were an inseperable trio. Thank heavens there was no one around to tell me I was crazy.

My Afghans have been gone a long time now. I shall always be indebted to them for my early education regarding the sighthound. And, for pointing the way to the discovery of what has since become my first love--the Ibizan hound.

While on a coursing expedition to California in 1971, my traveling companion and I were invited to visit the greyhound kennels of Georgiana Mueller. In addition to seeing some lovely greyhounds, she also treated us to two of the most unusual looking dogs I had ever seen. The male was a gorgeous mover with a front and chest like none I had ever seen before. His keen expression captured my heart and would not let go. Georgiana was trying to sell the dogs as a pair. My lifestyle and pocketbook could afford just one. Eventually she consented to let me have just the male. In the fall of that year, Ivicen Tawny Lion came to share my life in Colorado.

Linda Whedbee - De Leon Ibizans (continued)

We showed in the miscellaneous class for the next couple of years, always hoping we would run into another Ibizan. We never did. I joined the now defunct Ibizan Hound Club of America, thinking it would ease my feelings of isolation. It helped a little. But, by this time our interests were moving further and further away from the conformation ring and more and more towards open field coursing and backpacking trips.

In 1975, we all moved to Montana. We turned our backs on the show ring and spent most of our free time coursing, hiking and canoeing. I know this pleased Tawny. He never was very fond of the ring. He dearly loved our trips into the mountains. In the fall of 1981, we took one last trip together into the mountains south of Helena, where we said our good-byes.

Tawny's son, Lion now occupies the spot on the couch once reserved for "El Maestro". Next to Lion is Luna--my first experience with an Ibizan bitch. Scattered here and there on the living room floor are the four results of our first breeding--a first for me, for Lion and for Luna.

Deep down I'm still a dog show junkie. Several times a year you can actually catch me getting my "fix" in either the conformation ring or the obedience ring. Lure coursing has also become a popular sport around our household. We go whenever we can break away. Mostly, however, we are content to explore the surrounding hills in search of the elusive bunny.

In my spare time I'm a high school Spanish teacher who dabbles in, among other things, electronics, video recording, goats and chickens. An odd combination, but I've never considered myself to be very conventional.

If any of you are ever in our area we would welcome a visit and the opportunity to swap dog stories. Maybe we could even flush a jack rabbit or two.

WEIGHT GAIN RECIPE

Johanna Tanner of California submits this helpful weight gain recipe she's found successful. Give only after normal feedings so the dogs don't get used to it or start expecting it as their regular feed.

Mix thoroughly, it's kind of like meatloaf. Form into boluses/ double fistfuls or what's comfort - able for you & your dog. Stuff or feed as needed in addition to regular feedings. I tried it on my male when the bitches were in season and he just gobbled it right up!

1½ pounds fatty hamburger
3 cups instant quick oats
3 tablespoons wheatgerm
3 tablespoons honey
3 raw eggs

Hi

Let me introduce myself - I am Chris Allen one of your new Co-Editors of the THIRD-EYE. One of our ideas for the IHCUS Newsletter was to introduce the officers and board members to you via a short Auto-Biography of each of them. However, no one really wants to write about themselves so for now you can meet your 3 Co-Editors first, then maybe we can convince the others to follow suit.

I have been in Ibizan's for approx. 6 years now, my first being CH O'bre-On's Eternal Fiver Atair CD, LCM, TT otherwise known as "ATAIR" (Pronounced Atar). I am now the "Mother" of 4 beezers and have owned one other. However, I have been into sighthounds for approx 14 years starting with Afghans and later acquiring a Whippet to help excercise my Af's. So my total is now 1 ten yr old Afghan, 1 nine yr old Whippet and 1 8 mo old whippet mixed in with my 4 Ib's. Still they have to put up with my Cat and my Cockatiel. WELCOME to my zoo.

All though I believe that the Ibizan is a multi-purpose dog my first and main love lies with Lure Coursing (I would love to open field hunt but it is not feasible nor legal in Michigan). I have managed to put a Field Championship on all but one of my hounds and have managed to put L.C.M.'s on my three adult Beezers. Along with being totally involved with lure coursing, I am the Regional Director for ASFA's Midwest Region, I have fun dabbling in the sport of Obedience. I am not only crazy enough to "try" to train my hounds but I instruct for 2 Obedience clubs. In my, and the dogs, spare time I manage to have friends show my dogs (I hate the breed ring). Since all of this just happens to cost *money*, not just take up time, I spend my days Teaching Mentally Handicapped Young Adults (Maybe one of these days I will win the Lottery and then I can spend all my time with the dogs - I Know, dream on!)

Well, now that you Know a little about me how about writing us and letting us Know a little about you. At least we can get to Know one another thru the Newsletter even if it is impossible to meet each other in person. HOPE TO HEAR FROM YOU SOON!
