# Letter from the Editor

If it takes a village to raise a child, don't you think it takes a National Breed Club to improve a breed?

One person alone cannot help our breed flourish, it takes many dedicated people. Not just breeders, but owners too. Not just club members, *active* club members.

Let's face it, IHCUS is a small club compared to the amount of members in say, the American Whippet Club. I see that as a good thing as with a smaller membership, we can get to know each other better. We, as a club, can make a more personal experience with our National and other club-sponsored events. Members can volunteer their efforts and not get lost in a crowd.

So, what are you doing to help out the breed? Ever think of volunteering for a committee? What about that great idea you have for fundraising

for the club? Maybe you have valuable knowledge on canine health or training. Ever think of contributing an article on it for the Third Eye?

What if you're not a writer and don't have enough time to help on a committee? Donating toward the trophies for the upcoming National isn't time consuming, nor is emailing some fun photos to appear in the next Third Eye.

My point is, don't lose touch with this breed.

Stay involved, volunteer and most of all, listen. Continue to educate yourself and push the envelope of your current knowledge. The more you get involved with this club and its members, I assure you, the more you will learn. Not just about this breed, but maybe more about yourself.

Also remember, as an owner of an Ibizan Hound, you are a represen-

Nyra (14 months) & Kristie

tative of the breed. While at a dog show this weekend, I had a friend accompany me that had never been to a dog show. As we walked around with Jaz and Nyra, we were stopped about every 50 feet by people wanting to know what type of dog they were. I always stopped, politely answered their questions and carried on. My friend was astounded at how many times I did that and even "he" was asked questions. I told him that if I were rude to these inquisitive minds, what type of person do you think they'll associate with this breed?

With 2007 right around the corner, I ask all you IHCUS members...are you involved as you want to be, or is there something else you can contribute to the club? Make this 2007 where you take action and make your positive mark on the club and the breed!

Beezerly yours,

**Kristie Stocker**

# President's Report

Best wishes for the Holiday season. I hope this newsletter finds you, your families, and your beezers healthy and happy. There are many things that IHCUS is working on at this time, and I'll touch on just a few items.

Be sure to order your 2007 IHCUS Ibizan Hound calendar. The calendar always sells out each year, so be sure to place your order soon. This year's calendar is especially nice. Contact me at [puskasmail@cox.net](mailto:puskasmail@cox.net) for ordering information.

A special thank you goes to those who assisted at the Eukanuba breed booth in Long Beach, CA. Our club

will be adding to the decorations in our booth each year, and establishing a permanent display that we can ship to whatever area of the country it may be needed.

Pam Mutchek is the Club's new Specialty Coordinator. She will be

assisting with specialty planning in the future, and I thank her for taking on this position.

---

We have some new members who have a lot of enthusiasm for the breed, and I look forward to a great 2007.

---

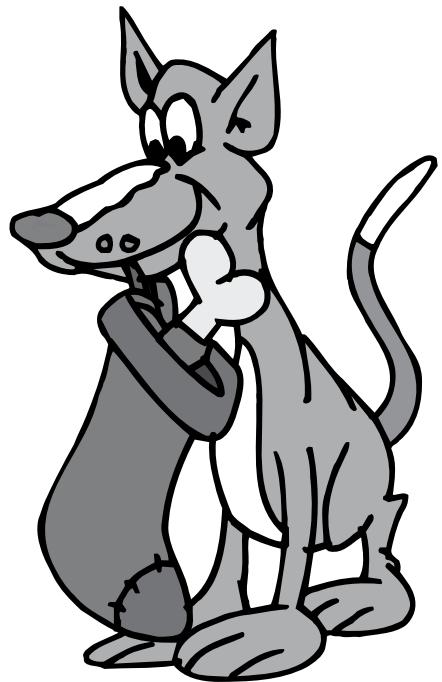

We are still looking for members who can help on the by-laws committee. There are changes that need to be made to the by-laws, such as the audit wording and new member criteria. If you can help, please email me.

Thank you to everyone who has helped the Club and breed this past year. We have some new members who have a lot of enthusiasm for the breed, and I look forward to a great 2007.

Best,

*Lisa*

## CHIC Votes

- All votes that came in were positive but one. Katie Belz was contacted to go ahead and set us up with CHIC.

- Michelle Paulin motioned that we allow the following dates to be used for lure coursing as IHCUS sponsored. Carol Kauffman seconded.
- 1. The Turkey Run Committee (SoCal) has invited IHCUS to host the ASFA lure coursing trial on Friday, November 24, 2006. They have also requested IHCUS to host an AKC lure coursing test on the same day. Our committee will be Curtis Freeling as Trial Chairman and Justin Dannenbring as Trial Secretary. The lure coursing site, judging panels, etc. will be taken care of by the other 3 clubs that are regular hosts of the Turkey Run.
- 2. Since the August trials went so well in San Diego County, CA, I propose another pair of lure coursing tests and trials in the San Diego area to be held on Saturday, December 9, 2006, and Sunday, December 10, 2006. Our committee will be Curtis Freeling as Trial Chairman and Justin Dannenbring as Trial Secretary. This will be independent of other clubs and we will book all necessities

By way of explanation: Because we are a non-profit corporation, who accepts donations and makes disbursements for specific purposes, it is required that our books are kept on what is called a fund, cash basis. Therefore, we do not have income and expenses. We are on a cash basis as we do not have accounts receivable or payables. We pay our bills when received. I have changed the format, in hopes that it will make it easier for our non-bookkeeping members to understand. Basically, it is a very simple process. Money comes in and is designated to be either general (operating), rescue or health funding. Disbursements are also designated as being specific to a fund. Our categories are quite simple. Anything specified goes to that particular fund. Everything else goes into the general fund, and is used as required for the operation of the club. Our major categories are the Third Eye, Dues and Membership, Sales, Insurance, etc. and whatever doesn't fit anywhere else, or is a one time item, goes into Miscellaneous. Additional categories are made when the dollar amount or frequency of transactions may require. The books are kept on a fiscal year, from July 1 through June 30, to coincide with our scheduled change of officers and are tied to what actually goes through the checking account. It is preferable to have deposits and checks written rather than cash converted, but that is not always feasible. If there is no category, it's because nothing has gone through the books for it. If you have any specific questions, please contact me and I will do my best to answer them.

## **Membership Committee Report** *Reported by Teddy Burke*

Hi Everyone,

**1. The review of the IHCUS application for membership process is ongoing.** To date the Board is reviewing various options. Members are urged to give consideration to Board recommendations. Tightening up the review of applicants is needed in response to the changing times. The intent of proposed changes is to better assure ourselves we know applicants well enough to feel comfortable they will uphold the goals and ethics of IHCUS. This does not mean that people totally new to the breed are not welcome. They are most welcome and we will network for them to help them meet other members; attend events, etc. to generate relationships within the club with a goal of welcoming them as a member. Ideally membership in a local Ibizan Hound Breed Club is the way to begin but we do not have the numbers to support that option for most people.

Before deciding whether to support possible changes I recommend members randomly visit the websites of other national breed clubs to gain a sense of how rigorous applicant review can be.

### **Posting of Applicants for review:**

Speaking of applicants, we have three. After their names are posted here in the "Third Eye" there is a three week period during which members are invited to submit comments to the Membership Committee on the suitability of applicants. Then the application with any comments received is provided to the Board for a vote.

**Members:** please note these prospective members and especially if you are in their area, introduce yourselves and maybe try to meet at a show or performance event. You can talk about your dogs! Most of us love to do that and new people really enjoy it too.

Hey! This means YOU! Don't forget to renew your IHCUS membership. Everyone should have received the renewal forms by now. The absolute deadline is 1 January 2007. Renewals received after that date will be returned and that person must reapply for membership.

**Note:** Kara Chizmar's name was posted in the last "Third Eye". She has withdrawn the application.

**Note to potential sponsors:** The days are gone when the most casual association with an applicant would be sufficient. When you sponsor somebody please ensure you really have sufficient personal contact with them. Face to face is ideal. If an applicant approaches you for sponsorship and you feel you don't know them well enough, help them yourself and suggest other members in their area who might be able to interact with them. Refer them to the Membership Committee and we will help them too.

# **Rescue Committee Report**

*Reported by Rose Bednarski*

Hi everyone!

Just a reminder that IHCUS rescue is to help ANY Ibizan that needs a home. It does not have to be just for those Ibizans that are in a shelter or a bad situation that need help. I have a list of people looking to adopt an Ibizan Hound that has been rescued or just needs a new home. Some are looking for an adult Ibizan, not just a puppy. If you have a Ibizan Hound that you would like to find a home for, contact me. Since these are NOT a rescue situation, I just refer the names I have of people looking for a Ibizan Hound, with the person wanting to place their adult dog. This way, it's a happy ending for everyone, people and dog.

Rescue has been notified numerous times about dogs that are Ibizan Hound on PetFinders.com. Most are not Ibizan mixed. If you find one that you think is a purebred, please let me know.

I've been contacted by a few people about sightings on Petfinders and at their local shelter about Ibizan Hounds. Once again, none were purebred Ibizans. They looked to be a Ridgeback mixed, or a pitbull mixes. I appreciate everyone contacting me when they hear about a Ibizan in need and all reports are checked out.

# Gazette Column: Potpourri

(Submitted by Bonnie Fleming)

Usually, I haven't much problem coming up with a column, but this time? Zilch, kaput, writer's block, complete lack of literary talent(?). Whatever. So, I went digging in my idea file. I have asked for ideas from IHCUS members in the past, and received several good suggestions. I have used many of them, but some ideas were just too limited in scope to make a whole column. So - Voila - pot pourri!

## **What is it?**

We all get this question every time we go somewhere with our big eared friends. We have, most of us anyway, developed a two minute spiel that we can rattle off in our sleep. My first comment is that they are descendants of the dogs pictured in the ancient Egyptian pictures/friezes. How much are they, and what are they good for? tie for second most asked questions right after you get past the pronunciation problems. I have begun to always say I bee zan, which saves the Spanish diction lesson, I give the usual bit about them being a Spanish breed now, and that they are a hunting breed. I also try to give brief comments about their temperament (yes, they are good with kids - no they cannot be trained out of counter surfing). As there is a lot of hunting with dogs in my area, I get lots of those questions as well (yes, they are great on mice and grasshoppers and no, I don't hunt coyotes with them. City folk get a different set of questions, and I am sure, have developed equivalent answers. I tell those who ask how much I get for my puppies (and if they are really interested) that I have an application and a waiting list. I follow the lead of the person asking, trying to be patient, and briefly, but completely answer these seemingly idle questions. I have sold puppies this way. At least no one has asked me if they were goats (one city slicker cop stopped one of our owners, because she had a goat in the car) but I have had enough of the "gee, they look like deer" that I get very nervous during hunting season!

## **Where does the wire come from?**

Someplace in ancient history and from crosses with Spanish wire-coated hunting dogs. It is probable that the Podenco ancestors spread throughout Europe, the Middle East and Africa because of their outstanding hunting ability. However the wire factor only seems to appear in the Spanish derived dogs. The Pharaoh and African based breeds do not have wire coats. Except for the U.S. and Canada, the two breeds are kept separate. There is no discussion of that separation being done in this country. We are still plagued with a very small gene pool, and its resulting problems. Wires have been improved by the crosses with smooths in many people's opinions, though we do see more broken coats here than we used to. It is great to see more dogs being imported to expand our gene pool.

The variety of sizes and tails can also be traced back to ancient times and not so ancient history. Originally, all dogs were bred for purpose — not the AKC standard so there were size variations from very small to very large breeds, depending on what game they hunted. We still get very wide variations in our modern day breedings. It is not unusual, even in tightly line bred or in bred litters, to get adults from 23 inches to 31 inches from the same litter. We also still get that curly tail seen in the friezes on occasion.

## **Why are they sight hounds?**

Well, the Spanish get quite upset when we classify Beezers as "merely" sight hounds. It is not a good nomenclature when our guys hunt by sight AND sound AND scent. Only the Basset Hound, Pharaoh and other Podenco breeds (to my knowledge) do so. The International kennel clubs classify our breed as a primitive and anyone who has lived with even just one, let alone the a pack of them, will agree wholeheartedly! Unfortunately AKC does not recognize primitives and so we are in the hound group.

I would like to thank the chat list discussions, Lisa Puskas, Rafael Serra and many others for all the information touched upon so very lightly here. I continue to learn from all of them. These hounds are a never ending source of delight, laughter, love and wonder that I shall never tire of.

# IHCUS Logo Pins and Third Eye Back Issues for Sale

For the tiny price of \$10.00, beautiful lapel pins are now available to IHCUS members and those who love the breed! (Plus a small fee of \$1.00 for shipping and 50¢ for each additional pin!) Items are shipped uninsured. If you would like insurance, add \$1.30 per order. All profits from sales of these pins go to IHCUS General Fund.

IHCUS has created lapel pins that feature the Club logo of both smooth and wire hair Ibizan Hounds. They are one inch long by one-half inch tall, in a triangle shape, with a lapel button clasp back. These are NOT the club pins you received when you joined IHCUS. If you are a collector of pins, you might have the \*other\* pins IHCUS had available over the years. The black-and-gold square pin has the Nan Kilgore drawing of a reclining Ibizan and "The Ibizan Hound Club of the United States" written around the outside. (This pin is what members now receive when joining our club.) There was also a black-and-gold pin with a cutout of a reclining Ibizan Hound with "IHCUS" written under the dog. And there was a pin with a cutout of a red/white reclining Ibizan with "Ibizan Hound" written under the dog.

You can order the logo pin online through a secure PayPal link. When PayPal asks for our email address, enter [puppyinfo@cox.net](mailto:puppyinfo@cox.net).

To order by mail, contact Rose Bednarski with how many pins you would like to order. She will tell you the total price and mailing address. Make checks payable to IHCUS.

Also available- past issues of "The Third Eye" newsletter. Price is \$5.00 each. Contact Rose Bednarski for more information on which she still has & ordering information. As of the Fall 2006 issue of "The Third Eye", extra copies will be available from Kristie Stocker. Anything published before then, I might still have.

## IHCUS Rotating Specialty Site Submissions

---

### **Proposed Date Each Year:**

The show weekend would be the third weekend in October. We propose back-to-back IHCUS specialties on Thursday and Friday, and there are all-breed shows on Saturday and Sunday.

### **Site (Please indicate indoor or outdoor and details about the conformation, lure coursing, and obedience sites and other amenities that make this site a good choice.)**

Goodyear, Arizona (just outside of Phoenix). The site is called "Empty Acres" and the site owner has dedicated the site to holding dog and horse shows. The show will be held outdoors. Lure coursing is available right at the same site--no driving. There is full electricity, indoor bathrooms, and next year there will be washers/dryers and Internet access. It's a great site, and the weather is typically in the 80's during the day and 60's at night that time of year. The all-breed club that hosts the shows following the specialty would do everything they can to help us, will try to hire our judge to lessen our expenses, etc.

### **Show Superintendent/secretary (List available ones in the area who we might be able to contract with.)**

There are many show secretaries in the area that we could use. Lisa Puskas is local and has about 17 years experience as a show sec, so could make sure everything runs smoothly.

### **Committee Members who would be willing to help organize the first show in this location. At least one person is necessary at this time; a committee will be formed at a later date.**

There are several local AZ members that would be willing to serve on the show committee. CA members are also welcome to help.

### **With which all breed or hound specialty shows will this IHCUS specialty be held? (At least two should be required.)**

Kachina Kennel Club - two days following the specialties.

### **Budget (What will this show site cost the club? Include all estimated expenses for conformation, lure coursing, and obedience from the rental of this site.)**

Show site is free, and we could borrow rings/tables/shade canopies/etc from the all-breed club. Camping would be at the cost that the all-breed club would charge, and it is not expensive. AKC Lure coursing would make money because we could open it to all breeds. There are several local obedience judges and the fees would be minimal.

### **Hotels/motels accepting dogs**

There are several hotels that are within 5-10 minutes from the show site. Room rates are reasonable.

### **Major airports**

Phoenix, Sky Harbor is the main airport, which is about 30 minutes from the show site. It is an easy airport to fly into from most locations.

# IHCUS Rotating Specialty Site Submissions

---

## **Proposed Date**

The first week in May. With the first day for sweeps, obed, and agility. The 2 for our specialty and on the 3 or maybe even the 4th for all breed lure coursing. The 3, and 4 will be in conjunction with all breed shows being held that weekend at Purina Farms so if there is enough interest we could do a supported entry.

## **Site (please indicate indoor or outdoor and details about the conformation, lure coursing, and obedience sites and other amenities that make this site a good choice.)**

Purina Farms, Gray Summit , Mo. Outdoor show under tents. Lure coursing, and obedience, and agility. With dog friendly motels close. And 6 flags within 10 miles of show site. Also PF will donate prizes for our show. And you have SLASH for lure coursing event. The club also will be able to collect RV parking fees for the Ibizan Hound people.

## **Show Superintendent/secretary (list available ones in the area who we might be able to contract with.)**

Onofrio would be used with the other clubs.

## **Committee members who would be willing to help organize the first show in this location.**

## **At least one person is necessary at this time; a committee will be formed at a later date.**

I am willing to do the show chairman . Lisa McKay, Karen Radke, Carol Petty, And others that I have yet to ask for help.

## **With which all breed or hound specialty shows will this IHCUS specialty be held? (At least two should be required.)**

May shows are St. Louis Dog Breeders Assoc. and Spirit or the Heartland KC and Jefferson County KC.

## **Budget (what will this show site cost the club? Include all estimated expenses for conformation, lure coursing, and obedience from the rental of this site.)**

Show site is free. And camping would be at the cost that the other club would charge with the fees for the weekend to go to IHCUS. And maybe our conformation judge will be hired by the other clubs and cut our expenses. Also if we are able to hold a all breed lure coursing AKC then the profit would go to the IHCUS.

## **Hotels/motels accepting dogs (list names and how far they are from the show site. Mapquest may be helpful.)**

Diamond Inn. Super 8, and several others available to dog show people.

## **Major airports (list names and how far they are from the show site. Mapquest may be helpful.)**

Lambert Airport, St. Louis , Mo. 25 miles to show site. With rental cars at the airport. And at this time of year you should still be able to fly into St. Louis with moderate temps.
